INDEPENDENT AUDITOR'S REPORT

To the Steering Committee Mayflower Municipal Health Group

Report on the Financial Statements

We have audited the accompanying financial statements of the Mayflower Municipal Health Group (Group) as of and for the years ended June 30, 2013 and 2012 and the related notes to the financial statements, which collectively comprise the Group's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Mayflower Municipal Health Group, as of June 30, 2013 and 2012, and the respective changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis (MD&A) on pages v-vi and the claims development information on page 12 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Governmental Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated December 11, 2013, on our consideration of Mayflower Municipal Health Group's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Mayflower Municipal Health Group's internal control over financial reporting and compliance.

Lynch, Mulley, Millini, UN Norwell, Massachusetts December 11, 2013

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Steering Committee Mayflower Municipal Health Group

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller of the United States, the financial statements of Mayflower Municipal Health Group (Group), as of and for the years ended June 30, 2013 and 2012, and the related notes to the financial statements, which collectively comprise the Group's basic financial statements, and have issued our report thereon dated December 11, 2013.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Group's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control. Accordingly, we do not express an opinion on the effectiveness of the Group's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe that a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Group's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the Mayflower Municipal Health Group in a separate letter dated December 11, 2013.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Management's Discussion & Analysis
June 30, 2013 and 2012

The management of Mayflower Municipal Health Group (the Group) offers readers of our financial statements the following narrative overview and analysis of our financial activities for the year ended June 30, 2013 and 2012. Please read this discussion and analysis in conjunction with the Group's basic financial statements on the accompanying pages.

Basic Financial Statements

The basic financial statements are prepared using the accrual basis of accounting. Revenue is recorded when earned, and expenses are recorded when incurred. The basic financial statements include a statement of net position, a statement of revenues, expenses and changes in net position; a statement of cash flows and notes to the financial statements.

The statement of net position presents information on the assets and liabilities of the Group, with the difference being reported as net position.

The statement of revenues, expenses, and changes in net position reports the operating and non-operating revenues and expenses of the Group for the fiscal year. The net result of these activities combined with the beginning of the year net position reconciles to the net position at the end of the current fiscal year.

The statement of cash flows reports the changes in cash for the year resulting from operating and investing activities. The net result of the changes in cash for the year, when added to the balance of cash at the beginning of the year, equals cash at the end of the year.

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements follow the basic financial statements described above.

Financial Highlights

- Assets exceeded liabilities (net position) in 2013 and 2012 by \$33,223,084 and \$25,230,100, respectively, at the close of each fiscal year.
- For the years ended June 30, 2013 and 2012, net position increased by \$7,992,983 and \$8,103,187, respectively.

In fiscal year 2013, the group experienced a decrease in contributions from the prior year, due predominantly to subscriber migration. However, net position increased by approximately \$8.0 million.

The increase in cash from the prior year is primarily a result of the Group's increase in net income. The Group's investments for the current fiscal year generated \$535,953 of investment income and \$145,232 of unrealized gains.

Accounts receivable from member units at year end have decreased significantly from the prior year as a result of the timing of payments from various communities. All member unit receivables were collected subsequent to year end.

The accounts payable balance has increased from the prior year, as the Group's payments have not exceeded their level monthly deposits, resulting in a payable. There was no receivable amount due to the Group from the insurance companies at year-end.

Management's Discussion & Analysis June 30, 2013 and 2012

Condensed Financial Information

A summary of financial information is presented below:

	2013	2012	Percent

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013 AND 2012

Note 1. Summary of Significant Accounting Policies

A. Reporting Entity

Mayflower Municipal Health Group (the Group), formerly operating as the Plymouth County Health Group, is a Massachusetts Municipal Health Insurance joint purchase group formed pursuant to Massachusetts General Laws, Chapter 32B, under a certain joint purchase agreement which became effective July 1, 2008. The Group became operational July 1, 2008. As a municipal entity, the Group is not subject to the provisions of the Employee Retirement Income Security Act of 1974, nor is it subject to federal and state income taxes.

Participating governmental units consist of those municipal groups that have signed an agreement for Joint Negotiation and Purchase of Medical, Health, Dental and Life Coverage governmental agreement. At June 30, 2013 and 2012, participants were the towns Abington, Bridgewater, Carver/Marion/Wareham RRDD, Halifax, Hanover, Hanson, Hingham, Hull, Kingston, Marshfield, Norwell, Pembroke, Plympton, Rochester, Rockland, Scituate, West Bridgewater, and Whitman; Brockton Area Transit, North River Collaborative School, Onset Fire District, Plymouth County Retirement Association, Silver Lake Regional School District, South Shore Vocational School District, South Shore Education Collaborative, South Shore Regional Emergency Communication Center, South Shore Tri-Town Development Corporation, Southeastern Regional Transit Authority, Wareham Fire District, Whitman-Hanson Regional School District, and the counties of Plymouth, Bristol, and Norfolk.

Governmental units may apply for membership and be added to the Group, commencing on a date mutually agreed upon, provided that a Board meeting is held with at least two-thirds of members units in attendance and two-thirds of the units in attendance vote in favor to accept such additional participants.

Upon entering the Group, new members are required to make subscriber contributions. Subscriber contributions are equal to the prior quarter's net assets divided by the number of members to get a per member amount. The per member amount is then multiplied by the number of joining members to calculate the subscriber contribution to be made. While this is the standard calculation, the Group has the ability to arrange different methods of payment to reach the same total, as approved by the Steering Committee. There were no subscriber contributions in fiscal year 2013.

Any participating governmental unit may withdraw participation at its discretion, but a withdrawal may only be effective on June 30th of any Plan Year (July 1 to June 30). Any election by a governmental unit to terminate participation under this agreement requires written notification to the Board of such decision to withdraw no later than the December 31 that precedes the June 30, upon which the withdrawal would be effective. Any participating governmental unit which is 60 days in arrears for payments may be terminated at the Board's discretion. Such termination shall not limit the Board from obtaining payment of all monies in arrears.

There is no liability for premium expense following the effective date of withdrawal or termination of a participating governmental unit's coverage under a contract purchased through the Group, except for the governmental unit's proportional share of any deficit in the trust as of its termination date, or of any premium expense, or any subsequent expense for its covered individuals continued on the plan after termination. The Group's Joint Purchase Agreement provides that a withdrawing or terminated participating governmental unit is not entitled to any surplus in the trust fund.

Contributions to Mayflower Municipal Health Group Trust from participating governmental units are on a monthly basis. Contributions are set by the Board; the rates are set at amounts which, in aggregate, will fully satisfy the funding requirements of the claims trust fund (including, but not limited to, anticipated incurred claims, retention, risk, and trust administration expenses) as established through underwriting and/or actuarial estimates.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013 AND 2012

Note 1. Summary of Significant Accounting Policies (continued)

A. Reporting Entity (continued)

All refunds, surplus, and deficits are dealt with on a proportional and collective basis. In the case of a certified surplus, the Board determines the investment and application of the excess funds. In the case of a certified deficit, additional revenue will be raised and paid by the participating governmental units in proportion to the number of participating governmental unit's employees and retirees covered for a period of one year prior to when the deficit was incurred.

The Group offers the following health insurance options:

Active members

Blue Cross/Blue Shield - Network Blue (HMO)

Blue Cross/Blue Shield - Network Blue Rate Saver Plan

Blue Cross/Blue Shield - Network Blue Benchmark Plan

Blue Cross/Blue Shield - Blue Care Elect PPO

Blue Cross/Blue Shield - Blue Care Elect PPO Rate Saver Plan

Blue Cross/Blue Shield - Blue Care Elect PPO Benchmark Plan

Harvard/Pilgrim Health (HMO)

Harvard/Pilgrim Health Rate Saver Plan

Harvard Pilgrim Health Benchmark Plan

Pensioners

Blue Cross/Blue Shield - Medex

Harvard/Pilgrim Health - Medicare Enhance

The Group employs the services of John R. Sharry Incorporated, d/b/a Group Benefits Strategies, to provide certain management, consulting, and technical functions and to audit medical claims paid. The current agreement with Group Benefits Strategies is for a three-year term ending June 30, 2015, and provides for a monthly fee based on the number of subscribers for each month.

The Group appoints a Treasurer who collects payment from member units, pays claims and vendor expenses, maintains the financial records of the Group, and oversees investments.

B. Basis of Accounting

The accompanying financial statements present the net assets of the Group at June 30, 2013 and 2012 and the changes in net assets and cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America, which recognize revenues from contributions and earnings when earned, and expenditures when liabilities are incurred.

Participants are billed in the form of monthly premiums. Participants' advance contributions are recorded as liabilities until earned

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013 AND 2012

Note 1. Summary of Significant Accounting Policies (continued)

C. Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results will differ from those estimates.

D. Cash and Cash Equivalents and Investments

Cash and cash equivalents consist of cash on hand; cash in checking, savings or money market accounts; repurchase agreements; other short-term investments with original maturities of three months or less.

Investments are stated at fair value. Where applicable, fair values are based on quotations from national securities exchanges.

E. Claims Liabilities

The Group's obligations include estimated health claims incurred but not reported at June 30 2013 and 2012. The Group uses the latest reported claims to record the Group's payable of reported claims and to estimate health claims incurred but not reported as of that date. Actual claims reported differ from claims estimated, but the size of the Group and stop-loss coverage minimizes the risk of a significant difference. Claims' liabilities are reviewed periodically using claims data adjusted for the Group's current experience. Adjustments to claims' liabilities are charged or credited to expense in the periods in which they are made.

F. Reinsurance

The Group has purchased stop loss insurance (reinsurance) to limit loss exposures. The Group has a specific excess medical and prescription drug claims reinsurance contract with an insurance carrier covering claims paid in excess of \$275,000, specific deductible per individual, and a \$500,000 aggregating deductible, to a lifetime maximum amount payable of \$2,000,000 for 2013. Fiscal year 2012 had a specific deductible per individual of \$250,000 to a lifetime maximum amount payable of \$2,000,000.

The Group does not include reinsured risks as liabilities unless it is probable that the re-insurer will not cover those risks. Amounts recoverable through re-insurers on paid claims are classified as receivable and as a reduction of claims expense.

G. Participant Contributions

Participant contributions represent the monthly premiums, as determined by the Steering Committee, charged to each member unit and include costs for administrative services and insurance charges. Premiums are recorded as revenue during the period in which the Group is obligated to provide services to its members.

H. Medicare Part D Prescription Drug Benefit Program

The Group applied for, as Plan Sponsor and receives subsidy payments from the Federal Government, pursuant to the Retiree Drug Subsidy Provisions for Medicare Part D. These amounts have been recorded as part of Other Income (\$1,536,527). Any amounts receivable from the Federal Government for the drug benefit program are classified as a receivable from a governmental unit.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013 AND 2012

Note 2. Cash, Cash Equivalents and Investments

The Group maintains deposits in authorized financial institutions. In the case of deposits, custodial credit risk is the risk that in the event of a bank failure, the Group's deposits may not be returned. The Group does not have a formal deposit policy for custodial credit risk. At June 30, 2013 and 2012 deposits totaled \$26,458,286 and \$18,172,945, respectively. The carrying amount of these deposits at June 30, 2013 and 2012 were \$26,458,286 and \$18,172,403, respectively. Of the deposit amounts, \$26,208,286 and \$17,922,945 were exposed to custodial credit risk at June 30, 2013 and 2012, respectively. The difference between deposit amounts and carrying amounts generally represents outstanding checks and deposits in transit.

Investment income reported in the financial statements is made up of the following:

	<u>2013</u>	<u> 2012</u>
Interest and Dividend Income	\$361,558	\$386,647
Realized Gain on Investments	<u> 174,395</u>	204,346
Total Investment Income	<u>\$535,953</u>	\$590,993

The Group's investments are as follows as of June 30, 2013 and 2012:

	<u>2013</u>		<u>2012</u>	
	Fair Market	% of	Fair Market	% of

Custodial credit risk for investments is the risk that, in the event of the failure of the counter party to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The Group's investment policy does not cover custodial credit risk.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013 AND 2012

Note 2. Cash, Cash Equivalents and Investments (continued)

Interest rate risk is the risk that changes in market interest rates that will adversely affect the fair market value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair market value to changes in market interest rates. The Group's investment policy limits the weighted average maturity of the investments to 3.5 years. The approximate maturities of the Group's debt investments are disclosed in the following table:

2013	Fair				
	Market	Less than 1	1 to 3	3 to 5	5 to 10

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. Credit risk is measured by the assignment of a rating by a nationally recognized statistical rating organization. Obligations of the U.S. Government and certain of its agencies are not considered to have credit risk and therefore no rating is disclosed. Equity securities and equity mutual funds are not rated as to credit risk. The Group's investment policy limits its investment choices to those with no less than AA rated quality. Credit risk of the Group's investments are summarized below.

Concentration of credit risk – The Group's investment policy does not limit the amount that can be invested in any one issuer or security.

Foreign credit risk is the risk that changes in exchange rates will adversely affect the fair value of an investment or deposit. Of the Group's \$2,264,989 invested in equity mutual funds, \$1,105,115 is in international funds. The Group also invests \$2,479,695 in fixed income mutual funds, \$818,742 of which is invested in international funds. The Group's investment policy does not address foreign credit risk.

Note 3. Health Claims Incurred but not Reported

The Group establishes a liability for both reported and unreported insured events, which include estimates of both future payments of losses and related adjustment expenses, if any. Changes in the claim liability amount in fiscal 2013 and 2012 were as follows:

Unpaid claims and claims' adjustment expenses—beginning of year	2013 \$ 6,900,000	2012 \$ 7,700,000
Incurred claims and claims' adjustment expenses:		
Provision for insured events of the current fiscal year	99,858,198	104,180,804
Increase/(Decrease) in provision for insured events of prior fiscal years	(328,807)	(271,630)

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2013 AND 2012

Note 4. GASB Pronouncements Recently Issued

The following are pronouncements issued by the Governmental Accounting Standards Board (GASB), which the Group believes are applicable to its financial statements.

Current pronouncements

The GASB issued Statement #61, The Financial Reporting Entity: Omnibus-an amendment of GASB Statements No. 14 and No. 34, which was required to be implemented in fiscal year 2013. This pronouncement modified requirements for the inclusion of component units in the financial reporting entity. This pronouncement had no effect on the Group's financial statements.

The GASB issued Statement #62, Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements, which was required to be implemented in fiscal year 2013. This pronouncement continued the codification of all generally accepted accounting principles for state and local governments into a single source.

The GASB issued Statement #63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position, which was required to be implemented in fiscal year 2013. This pronouncement standardized the financial reporting relating to the elements of a government's consumption of net assets, and an acquisition of net assets that is applicable to a future reporting period.

Future pronouncements

The GASB issued Statement #65, *Items Previously Reported as Assets and Liabilities*, which is required to be implemented in fiscal year 2014. This pronouncement will clarify the appropriate use of the financial statement elements deferred outflows of resources and deferred inflows of resources to ensure consistency in financial reporting. The Group doesn't believe this pronouncement will impact the Group's financial statements.

The GASB issued Statement #66, Technical Corrections - 2012, an amendment of GASB Statements No. 10 and No.62, which is required to be implemented in fiscal year 2014. This pronouncement will resolve conflicting accounting and financial reporting guidance that could diminish the consistency of financial reporting and thereby enhance the usefulness of the financial reports. The Group expects this pronouncement will require additional disclosure and impact the Group's financial statements.

The GASB issued Statement #69, Government Combinations and Disposals of Government Operations, which is required to be implemented in fiscal year 2014. The pronouncement addresses accounting and financial reporting issues associated with a variety of transactions, such as mergers, acquisitions, disposals and transfer of governmental operations. The Group does not anticipate this pronouncement will impact the Group's financial statements.

The GASB issued Statement #70, Accounting and Financial Reporting for Nonexchange Financial Guarantees, which is required to be implemented in fiscal year 2014. The pronouncement addresses accounting and financial reporting for financial guarantees extended by a government for the obligations of another government, not-for-profit, or private entity without directly receiving equal or approximately equal value in exchange for the guarantee. The Group does not anticipate the pronouncement will impact the Group's financial statements.

emergence of new claims not previously known. (6) This line compares the latest re-estimated incurred claims' amount to the originally established (line 3) and shows whether this latest estimate of claims' cost is greater or less than originally thought. As data for individual policy years mature, the correlation between original investment revenues. (2) This line shows each fiscal year's administrative and other operating costs of the Fund including, overhead and claims' expense not allocated to at the end of the first year in which the event triggered coverage under the contract occurred (called policy year). (4) This section of rows shows the cumulative amounts paid as of the end of successive years for each policy year. (5) This section of rows shows how each policy year's incurred claims increased or decreased as of the end of successive years. This annual re-estimation results from new information received on known claims, reevaluation of existing information on known claims, as well as The table on this page illustrates how the Group's earned revenues and investment income compare to related costs of loss and other expenses assumed by the Group as of the end of the last fiscal year. The rows in the table are defined as follows: (1) This line shows the total of each fiscal year's earned contribution revenues and individual claims. (3) This line shows the Group's incurred self-insured claims and allocated claims' adjustment expense (both paid and accrued) as originally reported estimates and re-estimated amounts is commonly used to evaluate the accuracy of incurred claims currently recognized in less mature policy years. The columns of the table show data for successive policy years.
