Frequently Asked Questions cont.

Question: I am enrolled in an HMO and my adult child (under age 26) lives outside the health plan's service area. May we retain the coverage we have and add the adult dependent?

Answer: You may add your adult child (under age 26) living outside the health plan's service area to your current HMO policy but they will only be covered for emergency/urgent care with one follow up visit. You will need to decide if the entire family will switch to the Blue Cross Blue Shield Blue Care Elect PPO (if offered) which provides coverage throughout the United States. It is not a qualifying event to switch coverage at a later date (outside the open enrollment period) if services are needed and the adult child (under age 26) is living outside of the health plan's service area.

Question: My adult child (under age 26) is currently on my plan as a full time student. Do I have to submit a new application?

Answer: NO. You do not need to submit a new application if the adult child is already a dependent on your health plan.

Question: What if my adult child (under age 26) is currently on COBRA coverage?

Answer: You may cancel COBRA coverage for your adult child (under age 26) and complete an enrollment form to add your adult child to your policy, effective July 1st.

Question: When does coverage end for my adult child (under age 26) and what options are available for coverage once coverage ends?

Answer: Coverage ends effective 12:01 a.m. on the dependent's 26th birthday. COBRA coverage is available for adult children that turn age 26 or you may call or go online to the Massachusetts Health Connector www.mahealthconnector.org (Phone 1-877-623-6765) for other options .
