

# MMHG Wellness Presents:

## Wellable Live— *A New Digital Service*

Working from home can make it hard to prioritize your health, which is why we're providing all employees/retirees and dependents of MMHG member units with free access to **Wellable Live** beginning Monday, March 30th.

**Wellable Live** is a digital service designed specifically for the current environment. It delivers new programming, from fitness classes to guided meditations to lifestyle sessions, each and every weekday.

Events will take place at **12 Noon Monday through Friday**, will last 30 minutes, and are a great way for you and your loved ones to stay healthy at home.

You will be able to live-stream each session or [watch on-demand recordings](#) from your computer, tablet, or smartphone at your convenience. Below is the schedule for the first week of programming. We'll share future schedules of events through MMHG Wellness email updates and post at [www.mmhg.org/wellness](http://www.mmhg.org/wellness).
